**U.S.A.**

**CALIFORNIA**

## For the Seed Trade . . .

It is a pleasure to send you this early Contract list of the Flower Seed items we are planting for 1948 Crop delivery.

California's extremely dry 1947 growing season produced many short crops in early maturing seeds, and also materially increased production costs, thru the necessity of heavy irrigations to keep the plants growing. Our 1948 season does not look any better for early crops either, as we are still waiting the first inch of rain, and this is being written in January.

Shortages are bound to occur if this condition continues much longer, in such important crops as Sweet Peas, Alyssum, Calendula, Larkspur, Snapdragon, Pansy and Stocks, as well as many other popular items of lesser importance. Early ordering is advisable to protect yourself against these very probable shortages.

Primarily due to dollar exchange conditions, many of our good friends throughout the World will not be able to place early orders for 1948 crop delivery, with any assurance of receiving the necessary Import License. This situation certainly works to our mutual disadvantage, and we can only hope that free trade will again be possible in the not too distant future. If we can be of any assistance to our friends overseas, please do not hesitate to cable, and needless to say your orders will have our most prompt attention.

If you are planning a visit to California this summer, we cordially invite you to inspect our fields here in the beautiful Santa Maria Valley.

At this time we wish to thank you our customers, for your friendship and loyal patronage during the 1947 season. We hope to have your continued confidence in 1948 and can assure you we are constantly striving to merit repeat business by supplying the best in Flower Seeds.

A handwritten signature in cursive script, reading "W. J. Macdonald". The signature is written in dark ink and is positioned at the bottom of the page, below the main body of text.

## Terms and Conditions of Delivery . . . .

All seeds are offered F.O.B. Santa Maria, California, for delivery from 1948 crop as soon as possible after harvest. Invoices to firms of established credit are subject to a discount of 2% for cash in 30 days from invoice date, or 60 days net. New customers should furnish two credit references if shipment is desired on an open account basis. Otherwise delivery will be made C.O.D. All foreign invoices are payable in U.S. Dollars at the current rate of exchange. All overdue accounts are subject to a sight draft without further notice.

Santa Maria is now a scheduled stop for Southwest Airways, Inc., which gives us twice daily service to Los Angeles and San Francisco. This fine service will enable all Air-Mail to reach Chicago and New York areas within 24 hours from our office. Air Express service has been inaugurated on this same schedule.

Definite shipping instructions should accompany each order placed, and will be carefully followed by our Shipping Department. In the event instructions are not received, shipments will be forwarded over the most direct and cheapest route. Delivery to the common carrier in good condition will terminate our responsibility.

Prices quoted in this catalog apply against all 1948 crop purchases, and are effective immediately on all spot orders. We reserve the right to change these prices at anytime without giving further notice. We are Wholesale Growers and supply the Seed Trade only.

Bags and containers will be charged at net cost. All orders for four ounces or more will be charged at the pound rate, less than four ounces at the ounce rate.

We will plant sufficient land to produce the quantity of seed ordered under normal conditions; however, crop failure or any other cause beyond our control releases us from delivery and in the event of shortages, we will fill contract orders on a pro-rata basis only.

We give no warranty, express or implied, as to the productiveness of any seed we sell and will not be in any way responsible for the crop. Our liability in all instances, is limited to the purchase price of the seed. (Standard non-warranty clause of American Seed Trade Association.)

**SWEET PEAS (HAC 6 FT.)**  
**EARLY FLOWERING SPENCER**

Our listing of Early or Winter Flowering Sweet Peas includes all of the important Florist and Home Gardener varieties. These are all exceptionally large flowered and long stemmed—many being beautifully duplexed. As Sweet Peas have been a "main crop" item with Macdonald for over twenty years, it is only natural that our breeding work has produced a majority of the current market favorites. The remarkable new varieties now available to all Sweet Pea lovers, have without doubt contributed much to their continued popularity. No better Sweet Peas are available anywhere—at any price!

## **PANSY** (*Viola Tricolor Hortensis*) (HA 6 in.)

For the past six years, we have had under direct production in the Pacific-Northwest especially fine strains of all the better Pansies. Again this year we can offer you this same group of quality varieties, which are grown for us by a Pansy Specialist. We find the size and colorings of these Pansy varieties to be unequalled. Limited quantities of seed will be available in July—larger amounts thereafter as the season advances.

#### STOCK GIANTS OF CALIFORNIA (HA 36 in.)

For the commercial cut flower grower, Macdonald's Giants of California varieties are the best Stocks available. This superb branching type produces immense spikes of two inch florets, and averages better than 70% doubles. One mammoth spike per plant can be produced, when transplanted four to six inches apart in beds.

3032 <b>Golden Gate (Macdonald)</b> , yellow.....	1.60	20.00

## COLOR CLASSIFICATION

In addition to our regular four acre Sweet Pea Trial Ground, we recently conducted a series of color tests on every Sweet Pea variety that is offered for sale. An especially outstanding variety in each color group is indicated by two stars (★★). Those with one star (★) are highly recommended and will give fine results. All recommended varieties are vigorous growers, and will produce immense flowers on long stems.

### EARLY SWEET PEA COLOR CLASSIFICATION

#### LIGHT BLUE

- Eleanor Blue
- ★★Princess Blue
- Silver Blue
- Silver King
